EDUCATION

Chitkara University

Bachelor in Computer Science Engineering

July 2022 - June 2026

Patiala, Punjab, India

SKILLS

- Programming Languages: C, C++, Java, JavaScript
- Technologies & Frameworks: ReactJS, NodeJS, ExpressJS, MongoDB, Tailwind CSS
- Relevant Courses: Data Structures & Algorithms, OOPS, Operating Systems, DBMS, Git, Linux
- Soft Skills: Problem-Solving, Critical Thinking, Effective Communication, Team Collaboration

EXPERIENCE

Aditya Birla Group Limited

Jun 2025 - July 2025

- Developed and deployed a role-based Issue Tracking Portal using the MERN stack, enabling internal teams to report, track, and manage issues efficiently across Client, Team, and Admin modules.
- Implemented secure authentication, category-based issue routing, and real-time status updates, enhancing operational transparency and administrative control.

OctaNet Services Pvt Ltd.

Aug 2024 - Sep 2024

- Built a responsive React.js portfolio website to showcase personal projects and skills, focusing on performance optimization.
- Developed a feature-rich To-Do List app with user authentication, form validation, and task management using React.js and JavaScript.

AICTE CISCO Virtual Internship

May 2024 - July 2024

- Developed Cyber Shield: Secured university network in Cisco Packet Tracer by mapping firewalls, IDS, and access controls; proposed fixes and enabled hybrid work access.
- Built Cloud Security Setup: Developed scalable architecture for an e-commerce platform to handle traffic spikes and prevent DDoS attacks.

PROJECTS

Hindalco Nexus : Internal Issue Tracking Portal

- **Built a full-stack, role-based issue tracking system** for internal use, enabling employees to report categorized issues and track status in real-time via dedicated Client, Team, and Admin dashboards.
- **Integrated JWT authentication, admin code verification, and category-based routing** to ensure secure access control, efficient issue assignment, and status management.
- **Deployed modular MERN stack apps** (Vite React, Node.js, MongoDB) with responsive UI using Tailwind CSS, ensuring scalability, performance, and cross-device compatibility.

Real Estate Website

- **Developed a full-stack real estate platform** enabling users to buy, sell, and rent properties with image uploads and detailed listings.
- **Integrated Razorpay for secure payments** and implemented two-factor authentication (2FA) with email-based OTP for enhanced security during login, signup, and password recovery.
- **Utilized MongoDB, Redux, and CRUD operations** for efficient data management and seamless user experience.

CERETIFICATIONS

- **GeeksforGeeks - Full Stack Developer Bootcamp**
- **PW Skills - Backend Development**
- **MyAnatomy - React Advanced Development**
- **Infosys - Creating Responsive Web Pages using Bootstrap 4**
- **Youtube - React and Redux Certification Test**
