EDUCATION

Chitkara University

Bachelor in Computer Science Engineering

July 2022 - June 2026

Patiala, Punjab, India

SKILLS

- Programming Languages: C, C++, Java, SQL, JavaScript
- Technologies & Frameworks: ReactJS, NodeJS, AWS, ExpressJS, MongoDB, Tailwind CSS
- Relevant Courses: Data Structures & Algorithms, OOPS, Operating Systems, DBMS, Linux
- Soft Skills: Problem-Solving, Critical Thinking, Effective Communication, Team Collaboration

EXPERIENCE

OctaNet Services Pvt Ltd.

Aug 2024 - Sep 2024

- Built a responsive React.js portfolio website to showcase personal projects and skills, focusing on performance optimization.
- Developed a feature-rich To-Do List app with user authentication, form validation, and task management using React.js and JavaScript.

Chitkara ACM Student Chapter

Jun 2024- Present

- Developing and designing websites for events.
- Proficient in React , MongoDB and Tailwind CSS.

AICTE CISCO Virtual Internship

May 2024 - July 2024

- Developed Cyber Shield: Secured university network in Cisco Packet Tracer by mapping firewalls, IDS, and access controls; proposed fixes and enabled hybrid work access.
- Built Cloud Security Setup: Developed scalable architecture for an e-commerce platform to handle traffic spikes and prevent DDoS attacks.

PROJECTS

Real Estate Website

- **Developed a full-stack real estate platform** enabling users to buy, sell, and rent properties with image uploads and detailed listings.
- **Integrated Razorpay for secure payments** and implemented two-factor authentication (2FA) with email-based OTP for enhanced security during login, signup, and password recovery.
- **Utilized MongoDB, Redux, and CRUD operations** for efficient data management and seamless user experience.

Hospital Management System

- **Developed a Hospital Management Web Application** using Vite React, and Tailwind CSS, enabling seamless admin and patient interactions for doctor management and appointment scheduling.
- **Integrated Backend API** with Node.js and Express to handle user authentication, doctor data management, and appointment scheduling.
- **Integrated Patient Login System** to allow users to search for doctors by category and book appointments efficiently.

CERETIFICATIONS

- **GeeksforGeeks - Full Stack Developer Bootcamp**
- **PW Skills - Backend Development**
- **MyAnatomy - React Advanced Development**
- **Infosys - Creating Responsive Web Pages using Bootstrap 4**
- **Youtube - React and Redux Certification Test**
